

CAUTION Read before assembly

- This is an assembly model. Please read the assembling instructions carefully before beginning assembling.
- Tear and discard the plastic bags contain parts after taking out the parts inside since the plastic bags may cause suffocation if small children place the bags over their head or swallow those.
- Please sand the wood parts neatly with a sandpaper or the like, and dispose the wastes from polishing in a rubbish bin. Please be careful not to get injured, as they are easily broken.
- Some parts have sharp edges. Please do not use them for any other purposes. Take extra cautions if you have small children.
- Some parts are small. Please do not swallow them by mistake. Take extra cautions if you have small children. Accidental ingestion may cause suffocation.
- You may need to use nippers, knives and files for assembly of parts. Careless handling may cause injuries by the tool edges. For children younger than 12 old, parents or a guardian must attend and carry out handling the tools.
- Please pay attention to the following tips for using adhesives and paints:
 - Do not use them in an enclosed room. There is a danger of intoxication.
 - Never use them near the source of flame. There is a danger of ignition.
 - Do not put cement or paint in your mouth, eyes. If ingested or taken by mistake, please wash away with a large amount of water immediately and consult a doctor.
- Please note the parts are subject to change without prior notice.

<Parts list>

The instruction shows how to assemble without painting procedure. Prepare the appropriate paints and paint the following parts in advance.

For the parts 5 "exterior wall plates and others":
Paint with oil stain: dark brown
Spread the paint over the decoration base frame with a piece of cloth or a sponge, and polish the surface with a piece of dry cloth immediately.

For the parts 7 "Roof tiles":
Paint with Neutral grey 5 using a brush.

OPTION - DIORAMA SET-UP -

* You can enjoy your own diorama by arranging your favorite parts and colors.

THE PARTS USED IN THE PHOTO ARE:
Box tree (small), hedge, color powder: pale green, color powder: yellow ochre

[How to apply the color powder]

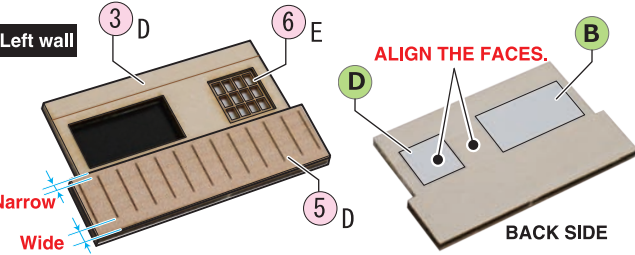

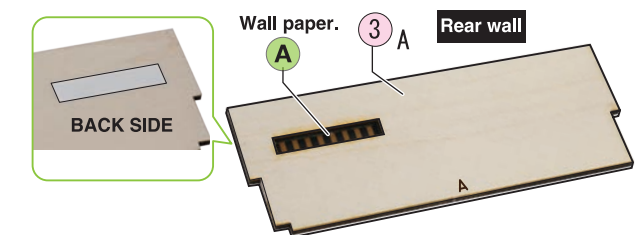

- Apply woodworking glue in thick over the entire area of the decoration base.
- Pour the earth color powder over the base. Sprinkle green powder over the base in patches.

The instruction shows how to assemble without painting procedure.

1 <Assemble wall parts 1>

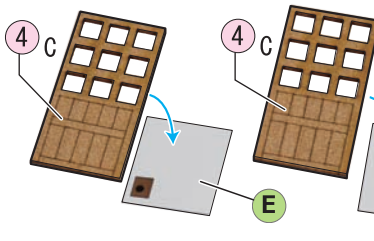

● Paste the wall paper.

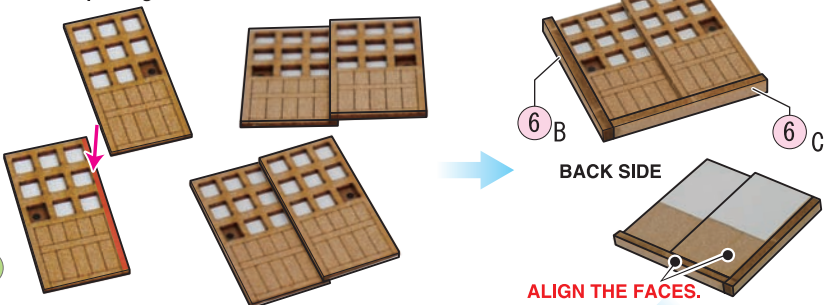

2 <Assemble slide door parts>

Paint: Oil stain: Dark brown

● Paste the wall paper on the slide doors.

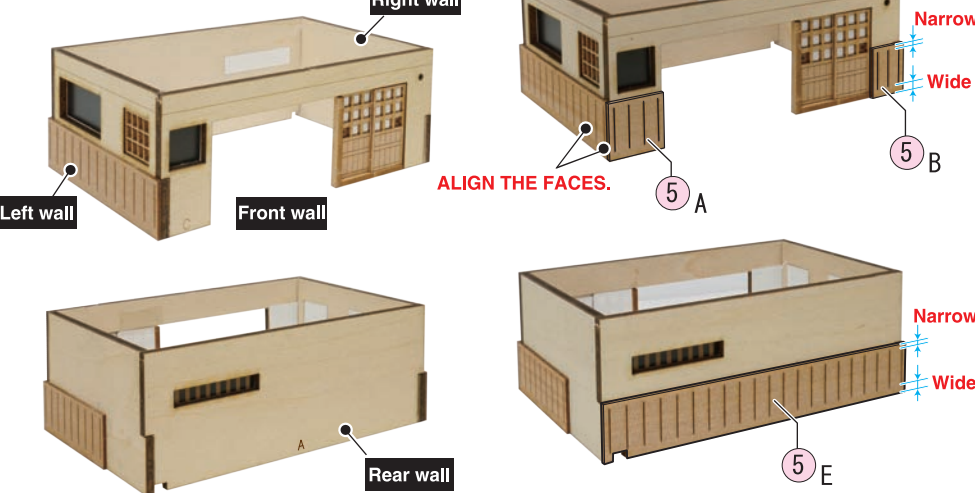

● Overlap and glue the sides of slide doors.

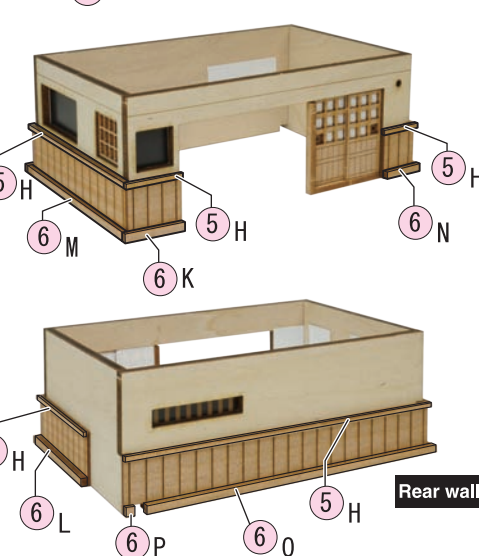

3 <Assemble wall parts 2> Paint: Oil stain: Dark brown

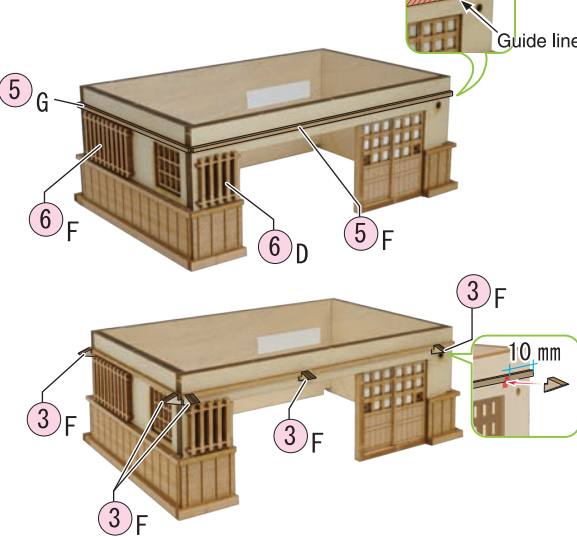

● Assemble the walls.

● Trim (5) H to appropriate length and attach.

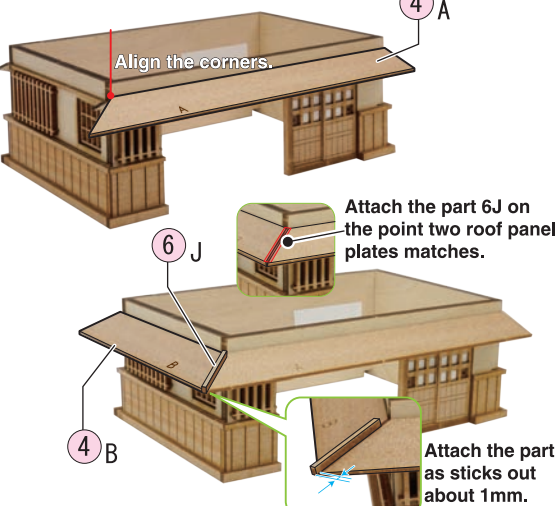

● Attach the pole plates on the guide line and attach the lattices on two windows.

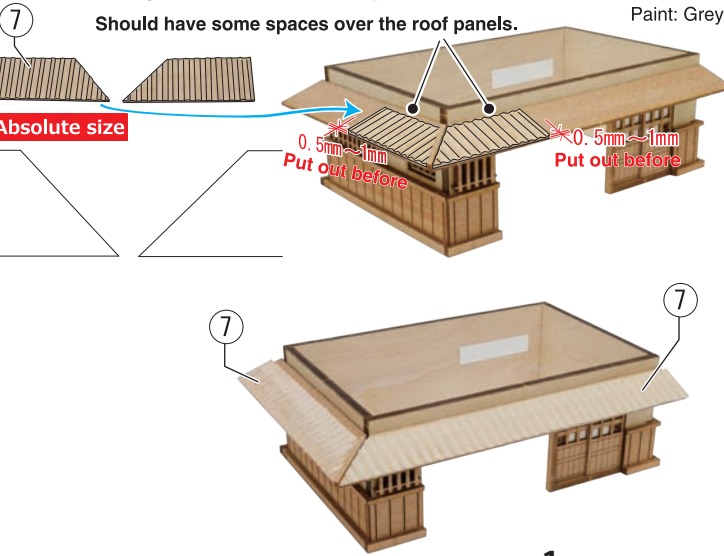

4 <Attach eave parts>

● Attach the eave plates on the pole plate.

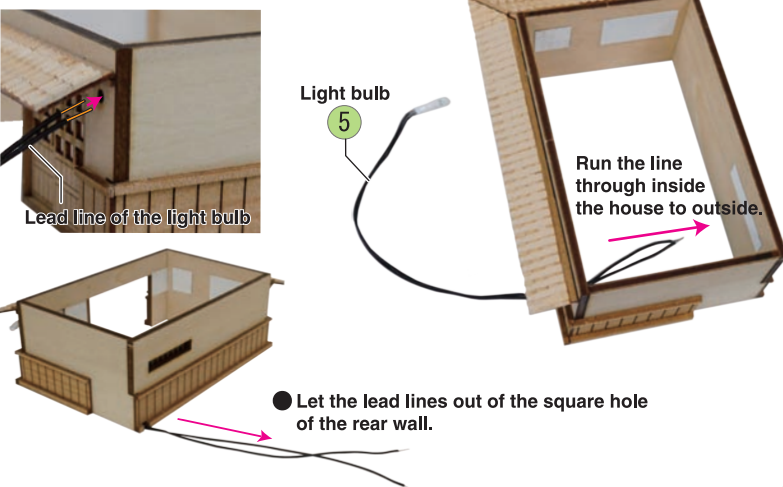

● Trim and shave the roof tile plates to the angle indicated on the full-scale image below, then attach the plates.

5 <Attach a light bulb>

● Insert the lead line of light bulb in the round hole of the front wall.

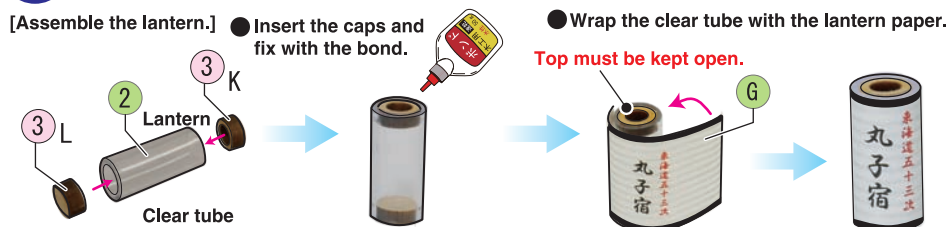

6 <Attach the lantern and the shop curtain>

[Assemble the lantern.]

- Insert the caps and fix with the bond.

- Wrap the clear tube with the lantern paper.

Top must be kept open.

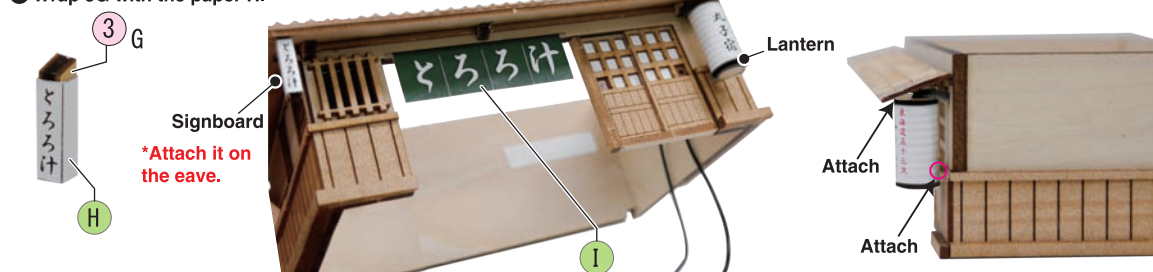

[Assemble the signboard.]

- Wrap 3G with the paper H.

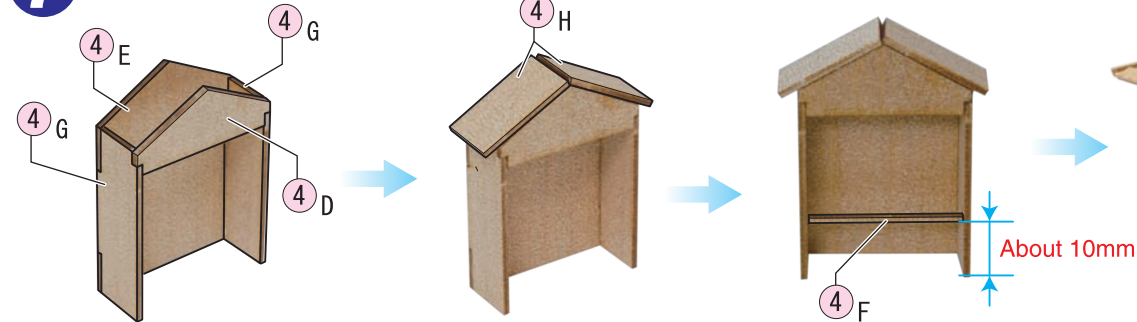

- Attach the shop curtain on the front wall.

- Insert the light bulb in the lantern and fix.

7 <Assemble and attach the barn>

Paint: Oil stain: Dark brown

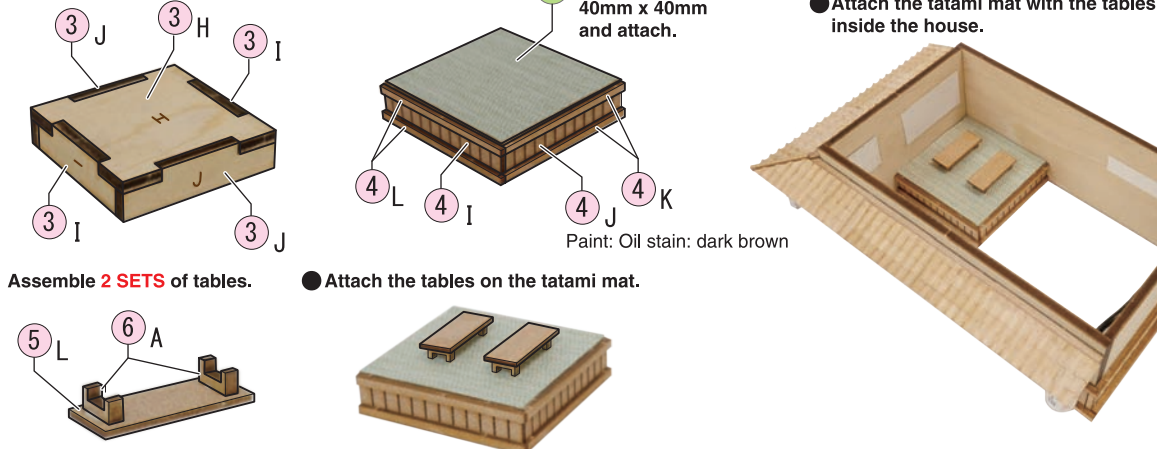

Hemp cord
40mm

- Attach the barn.
- Attach pieces of hemp cord on the roof of the barn.

(Cut the cord a little longer and trim them after glueing)

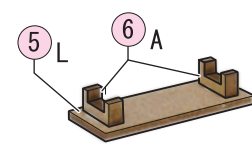

8 <Assemble and attach the tatami room>

Tatami mat:
trim it by
40mm x 40mm
and attach.

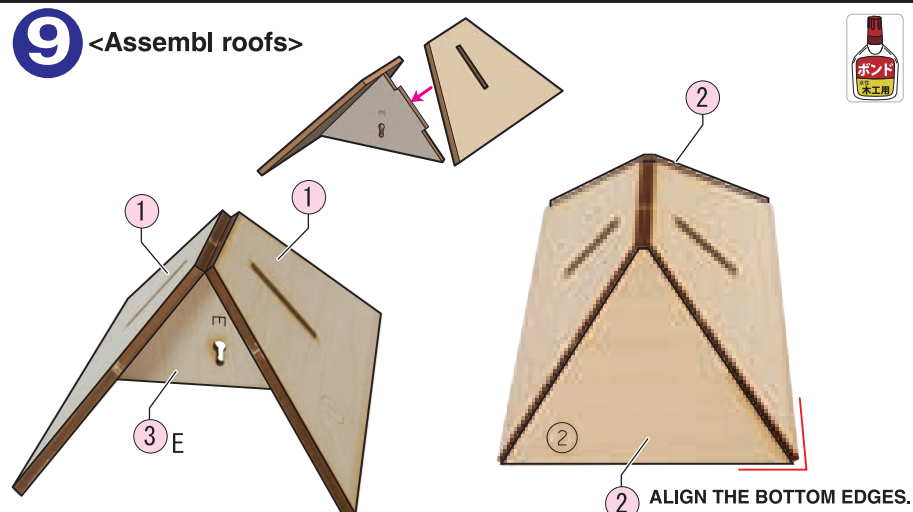

Assemble 2 SETS of tables.

- Attach the tables on the tatami mat.

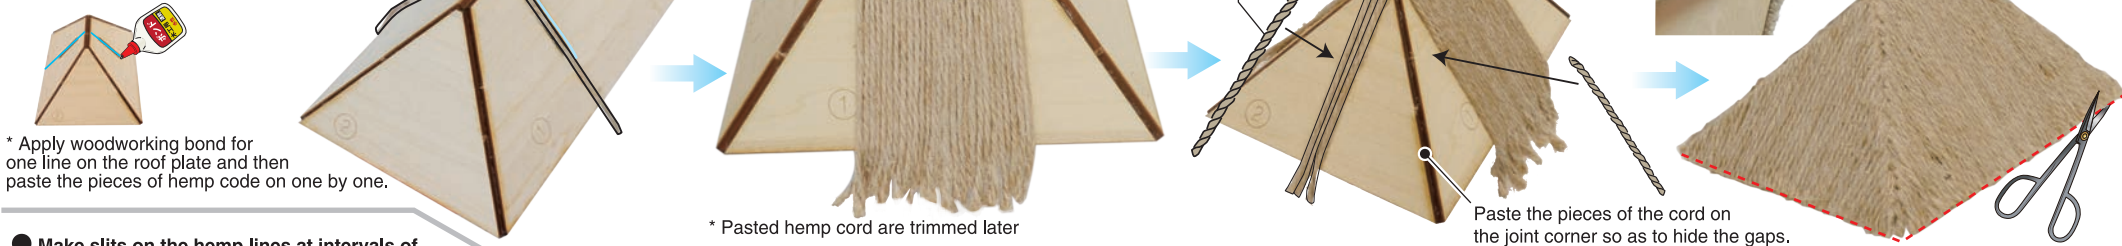

9 <Assemble roofs>

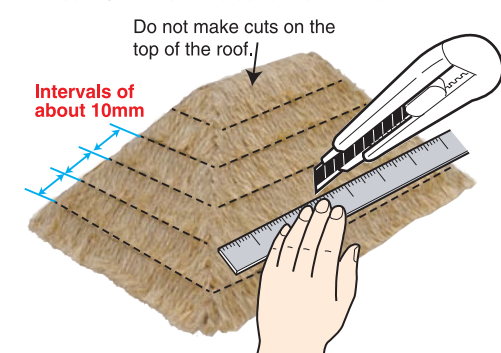

10 <Attach the thatched roof>

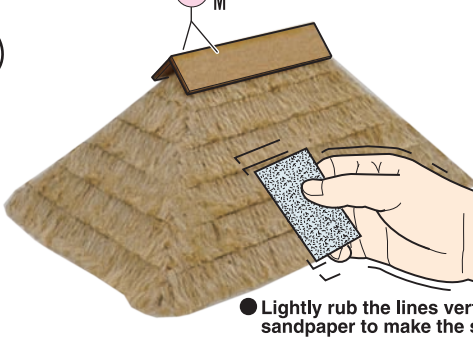

- Cut the hemp cord by about 150mm each and attach those one by one from the center of the roof.

- Make slits on the hemp lines at intervals of about 10mm from the bottom of the roof.

Do not make cuts on the top of the roof.

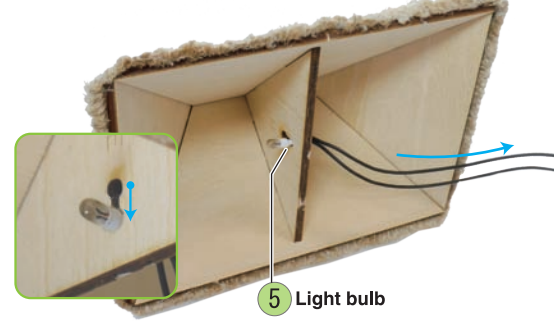

- Lightly rub the lines vertically with sandpaper to make the surface fluff.

- Paste the pieces of the cord on the side of the roof from the center.

- Trim the pieces of the cord (about 3mm longer than the eaves)

- Insert the lead line in the hole on the center of the roof and shift the base of the light bulb lower.

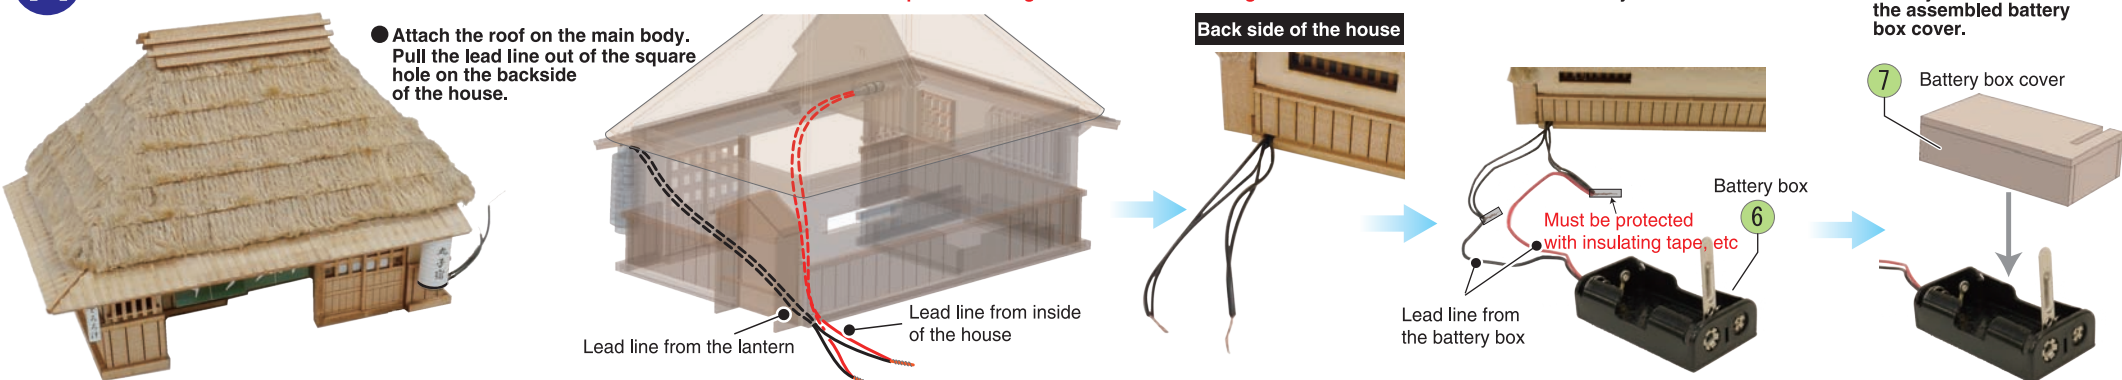

11 <Attach the roof and the wiring>

[Wiring]

- Joint each one of the lead lines of lantern and the lead lines passed through inside of the house together.

- Joint with the lead lines from the battery box.

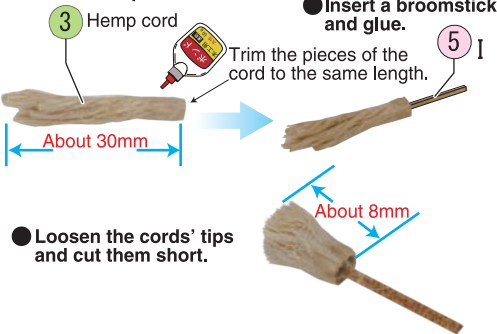

- Put 2 AA batteries in the battery box and cover it with the assembled battery box cover.

12 <Assemble the broom, the hoe, the bench and the decoration base frame>

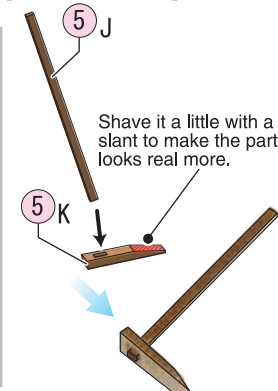

[Assemble the broom.]

- Put 3 to 4 pieces of hemp cord together and attach them to the stick part (5 i) for about 8mm from the top.

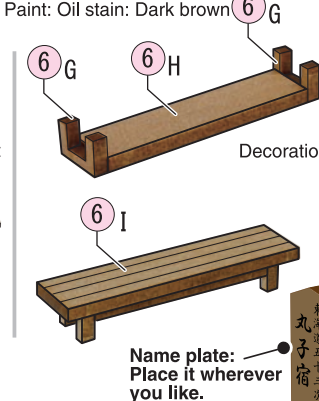

- Loosen the cords' tips and cut them short.

[Assemble the hoe]

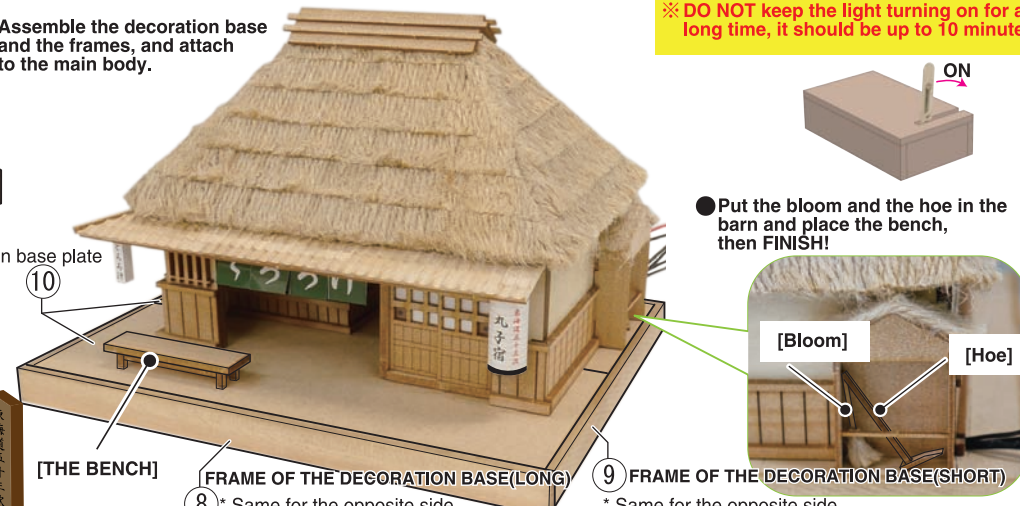

[Assemble the bench]

Name plate:
Place it wherever
you like.

- Assemble the decoration base and the frames, and attach to the main body.

※ DO NOT keep the light turning on for a long time, it should be up to 10 minutes.

- Put the bloom and the hoe in the barn and place the bench, then FINISH!
